

HEARING PROCEDURES
November 2-4, 1983

1. TESTIMONY REGISTRATION: Anyone wishing to present a statement at the hearing should complete a numbered card furnished at the registration tables. We have over 100 people already scheduled to testify. A list is posted in the rotunda for your information. If we finish the testimony scheduled for any session early, we will use these cards to establish the order of additional testimony throughout the hearing. So that we can accommodate as many people as possible who register each day, it would be helpful if those pre-registered to testify would move to the first two rows on the left an hour before their scheduled time. Even if you aren't planning to speak, we would appreciate your signing in so our attendance records are complete and we can keep you informed as this rulemaking proceeds.

2. SUMMARY TESTIMONY: With well over 100 witnesses to give testimony there could be a duplication and repetition of testimony. If you wish, you may refer to another's statement or testimony and by reference adopt it as your own. Also, you may summarize in your oral testimony and submit a more detailed written statement. In either of these cases the panel will accept your statement, by reference or by writing, as fully given in the record. By proceeding in this way we can expedite these hearings without losing the meaning of your testimony.

3. ORDER OF TESTIMONY: The order of testimony will be as follows, state and local elected officials, state and local agency representatives, the company, and the general public.

4. TIME SCHEDULE: We will break from noon until 1 for lunch and from 5 until 6:30 for dinner, barring unforeseen circumstances, and continue until 10:30 Wednesday and Thursday nights. We will begin again at 9:00 a.m. each morning and follow the same schedule. We will continue the hearing Friday at the same time but will be at another location because this room is not available. The hearing will be at Stanley Elementary School, 1712 South 17th Street, one block from Sprague Avenue.

5. RULES FOR TESTIMONY:

- The time limit for oral remarks - 10 minutes maximum.
- You may submit written material for the record until Dec. 10, whether you testify or not. Such materials should be sent to: Laurie Kral, Docket Clerk, EPA Mail Stop 532, 1200 Sixth Avenue, Seattle, Washington 98101.
- Any visual materials used must be submitted in hard copy, at the time of testimony.
- Your scheduled time is approximate, since some may take less than allotted time and questions asked by EPA may increase time. Whenever we find ourselves ahead of schedule, we will take testimony from those registering today.
- Since a record of this hearing is being made, please come up to podium and microphone so your testimony is audible to all here and to the court reporter. Please state your name, address and affiliation, if any, before you begin.

Notice: If the film image is less clear than this notice, it is due to the quality of the document being filmed.

6. TRANSCRIPT AVAILABILITY: Copies of the transcript will be available for review at the EPA regional offices in Seattle and the main branch of the Tacoma Public Library and the Vashon Public Library. Anyone wishing his or her own copy can make arrangements with the court reporter during a break.

7. EPA PANEL: The EPA panel taking testimony today includes several areas of expertise. These include policy, economics, health, legal, and control technology. The individuals will rotate in sitting on the panel during the hearing.

The Seattle panel representatives are:

- Ernesta Barnes, Regional Administrator.
- Ed Coate, Deputy Regional Administrator.
- Alexandra Smith, Director, Air & Waste Division.
- Gary O'Neal, Director, Environmental Services Division.
- Charles Findley, Deputy Director, Air & Waste Division.
- Clark Gaulding, Chief, Air Programs Branch.
- Dana Davoli, Environmental Health Advisor.
- Mike Johnston, Chief, Air Operations Section.
- Wayne Grotheer, Engineer.
- Mark Hooper, Engineer.

Representatives of our Washington, D.C. and Research Triangle Park offices are:

- Jim Barnes, EPA's General Counsel
- Earl Salo, Office of General Counsel
- David R. Patrick, Chief, Pollutant Assessment Branch
- John O'Connor, Chief, Economic Analysis Branch
- Robert Ajax, Chief, Standards Development Branch
- Al Vervaert, Environmental Engineer
- Todd Thorslund, Biostatistician, Carcinogenic Group

8. HEARING OFFICERS: Jim Moore is the hearing officer and he is the regional counsel for EPA in the Northwest. Ted Rogowski is the alternate hearing officer. He is a member of our regional counsel office in Seattle.
